Bibliographie courante sur l'histoire de la population canadienne et la démographie historique au Canada, 1981

A Current Bibliography on the History of Canadian Population and Historical Demography in Canada, 1981

par André LAROSE**

Nous présentons ici le cinquième des relevés bibliographiques que la revue offre à ses lecteurs. Ce relevé a été établi à partir des chroniques incluses dans Acadiensis, BC Studies, Canadian Ethnic Studies, Canadian Slavonic Papers, The Canadian Historical Review et la Revue d'histoire de l'Amérique française, et à l'aide de l'Anthropological Index et du Population Index. Une soixantaine de périodiques, dont nous communiquerons volontiers la liste aux intéressés, ont aussi été dépouillés. Pour cette bibliographie de 1981, nous n'avons retenu, comme à l'habitude, que les livres et articles que nous avons eus en main. Nous ne prétendons pas qu'elle soit exhaustive; aussi invitons-nous les lecteurs à nous signaler les omissions qui pourront être corrigées dans la prochaine bibliographie.

This is a continuation of the bibliography published regularly by the journal for its readers since 1979. Bibliographies published in Acadiensis, BC Studies, Canadian Ethnic Studies, The Canadian Historical Review, Canadian Slavonic Papers, and Revue d'histoire de l'Amérique française were helpful, as were Anthropological Index and Population Index. In addition, almost sixty periodicals, a list of which may be obtained from us, were consulted. As usual only books and articles which we had in hand have been enumerated. We may have overlooked some which our readers are kindly requested to bring to our attention for inclusion in the next review.
